Can we save 1,000 children?

Hope for the Hopeless rescues, rehabilitates, reconnects abandoned and orphaned children in Ethiopia. The children are rescued from the streets where they are victimized and provided a safe family environment to heal and thrive. They are nurtured in body, mind and spirit. Through counselling and rehabilitation, they are

reconnected to school and loving relationships and given the opportunity to grow into a thriving adulthood. This mission has been in place for 30 years with the vision, dedication, and grace of God, supporters of this mission and by the **Founder & Executive Director Pastor Surafel Gebretsadik.**

As you have seen in global news reporting Ethiopia is suffering record poverty, starvation and resulting civil war. Compounding the starvation, is food sources from Ukraine are not available.

Pastor Surafel would like to share a letter for you to prayerfully consider in this time of giving.

Dear Friends,

I believe that Third World countries, like Ethiopia are in a battle to survive.

For over a century, God has blessed the United States of America and its people for their love of Jesus Christ as they help battle starvation and disease in other places and provide assistance to those who are needing Hope and the necessities required for survival.

I believe in sending missionaries to fight this battle; to help the poor and to support others who are engaged in the frontline of the battle. In God's eyes, the reward for those who support these programs and those who are on the ground providing lifesaving assistance is the same. For the last 30 years you have supported me and countless young Ethiopian children in need through Hope for the Hopeless. This program started out as a vision and has grown steadily in its mission to reach out and bring the Good News to those in need. I thank you and believe the Lord has blessed our efforts.

This past August I traveled to Ethiopia. While there, I was able to witness the devastation brought on by the Civil War. I traveled to the United Nations Shelter and observed and met many thousands of displaced people including so very many orphaned children. I saw children at play in horrific conditions in the camps. Most of these children had not yet been told that their families had been killed in the war. Observing these devastating conditions was a tremendously hard emotional time for me. While there, I was asked if Hope for the Hopeless can take 1,000 of these refugee children so they will not end up abandoned on the streets.

I decided to ask God to help me do this. We currently have enough space in our Saluta campus to take in 1,000 additional children. Sadly, there are so many more than that who need help. With the help of our supporters and the nearby community we could at least help feed these kids temporarily until we can find sponsor homes for them.

I am asking you, my friends and my supporters to help me transport these children to our Suluta campus outside of Addis Abba. We estimate our transportation and food expenses would be \$35,000. Can you please help me to make this happen, to help the children have a safe place to live until they get a foster family?

Thank you very much.

We are seeking **additional board members** who can assist us in reaching all these goals. Please let us know if you have interest. Meetings will be held quarterly via Zoom.

The children and staff send their thanks and prayers, they are so grateful for your support!

Please donate if you can....

We thank you for your continued support and for any additional support you can give during this time of increased instability in Ethiopia. Providing more resources to support our children and increasing the availability of medical care for the community seems a beautiful gift to give. **Thank you!**
